## IMPORTANT SAFETY RECALL

This Notice Applies to Your Suzuki Vehicle Identification Number (VIN)

March 29, 2021

Dear Suzuki Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Suzuki Motor Corporation has decided that a defect which relates to motor vehicle safety exists in certain model-year GSX250R/RZ motorcycles.

### **What is the defect and what will your dealership do to correct it?**

Suzuki Motor Corporation is initiating a safety recall campaign of 2018 GSX250R/RZ motorcycles.

The filament in the high/low beam headlamp bulb may break prematurely, resulting in sudden loss of illumination, which can reduce operator visibility and/or a clear view, increasing the risk of a crash.

Your Suzuki dealer will inspect your motorcycle and, if necessary, install an improved headlamp bulb and a retention spring clip. This procedure will take approximately one hour to complete. Parts are available now, and there will be no charge to you for any recall service-related parts or labor.

### **⚠ WARNING**

**Operating your motorcycle without having the recall service performed increases the risk of a crash.**

**To minimize the risk of a crash:**

- **Please do not ride nor allow anyone else to ride your motorcycle until this recall service has been completed.**
- **If you must ride your motorcycle before this safety recall service has been completed, check the stop lamp and other items for proper operation as outlined in the “INSPECTION BEFORE RIDING” checklist in section 4 of your owner’s manual before each ride.**

### **What you should do:**
